PÄV Palisade Art Vision

Daphna Russell, Cedaredge, CO
"High Desert Horse"

Palisade Art Vision, was formed in 2015
by a group of local citizens and artists to promote
and embrace, "Art as a part of everyday life."

Artists loan their work free of charge for one year.
In return, the sculptors are provided an installation
stipend, recognition and promotion.
Pieces are available for purchase. Or as a
legacy program to honor a loved one.
Our first installation in 2016 featured
renowned regional sculptors, Dave Davis,
Gary Hauschulz, Lyle Nichols and Steve Kentz.

"Spring Herons", by Steve Kentz, was purchased
as a memorial gift in 2016. The piece is now a
part of our permanent collection.

PÄV envisioned an outdoor sculpture program
to promote a visible aesthetic voice to the
Town of Palisade,
"The Peach and Wine Capital of Colorado."

Palisade Art Vision is pleased to present our 2017-18 installations. This year's artists consist of both masters and exciting new talent. They hail from Colorado and the West. All were on hand for the unveiling in September 2017. The pieces are on display through August 2018 in downtown Palisade.

"Anastasia"

"Through my art I celebrate life, and strive to captivate the beauty within humanity. My art is uniquely abstract, to stylized, to figurative." -DS

"High Desert Horse"- Daphna Russell

Daphna believes the making and appreciation of art contributes immensely to the function of the human being. It teaches stories and lessons, it increases our mental capacity and opens our awareness of the world around us.

Amos Biocic , Grand Junction, CO - "Flux"

"My art is reflective of my love for the visual character and beauty of natural elements and materials." - AB

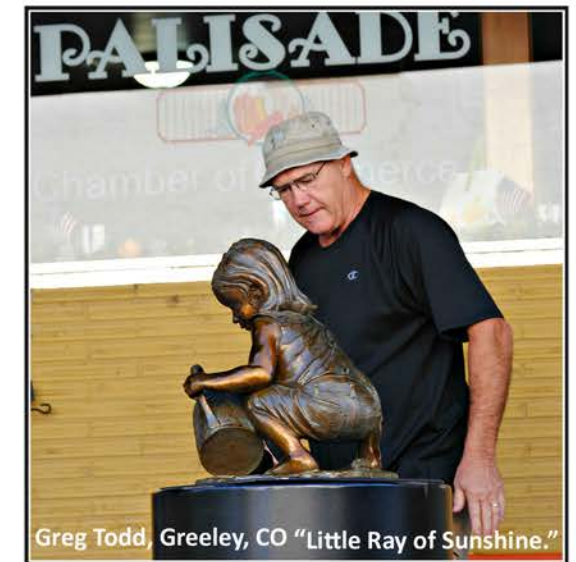

Nathan Hale, Palisade, CO - "Iron Chieftain"

"I fell in love with the art of Blacksmithing 5 years ago, and threw everything I had into learning this craft. I use all traditional forging methods including a coal forge."- NH

Pavia Justinian, Fruita, CO - "Cahaya"

"Creation is my deepest compulsion. I luxuriate in the vibrant, uneven flow of paint over a textured surface, in smoothing cement over steel with a slow caress, and in the steady crackling of molten welding rod forging the bond of steel to steel. I love creating beauty from unlikely combinations." - PJ

Greg Todd, Greeley, CO "Little Ray of Sunshine."

"In 1989, I created my first bronze sculpture and fell in love with this method of expression. I draw my ideas from my personal experiences and interests."-GT
